

FACULTY OF PSYCHOLOGY

Milano - Italy

The Faculty of Psychology: past and present

Past

1924: The *Laboratory of Psychology and Biology* was founded by Father Agostino Gemelli.

That was the beginning of the experimental psychology research in Italy.

Some of the instruments used by the founder are still preserved at the Post-graduate School of Psychology "Agostino Gemelli"

9 laboratories:

Clinical Psychology; Cognitive Psychology; Applied Social Psychology; Developmental Psychology; Psychology of Communication; Mediation and Conflict Resolution; Communicational Interaction and New Technologies; Molecular Biology and Human Genetics; Organisational and Consumer Culture

5 research centres:

- CSFR - Center for Family Studies and Research
- CROSS - Research Center for Vocational and Professional Guidance
- CRTI - Education Technologies Research Center
- Centre for Studies and Research in Psychology of Communication
- Centre for Studies and Research in Juridical and Social Psychology

1958: Foundation of the *Institute of Psychology* and the *Post-graduate School of Psychology*. Since then, many of the most outstanding Italian psychologists are trained here

1993: The Faculty of Education launches a five-year *Psychology degree program* with a special major in Developmental and Social Psychology

1999: Foundation of the *Faculty of Psychology*
Dean: Prof. Eugenia Scabini

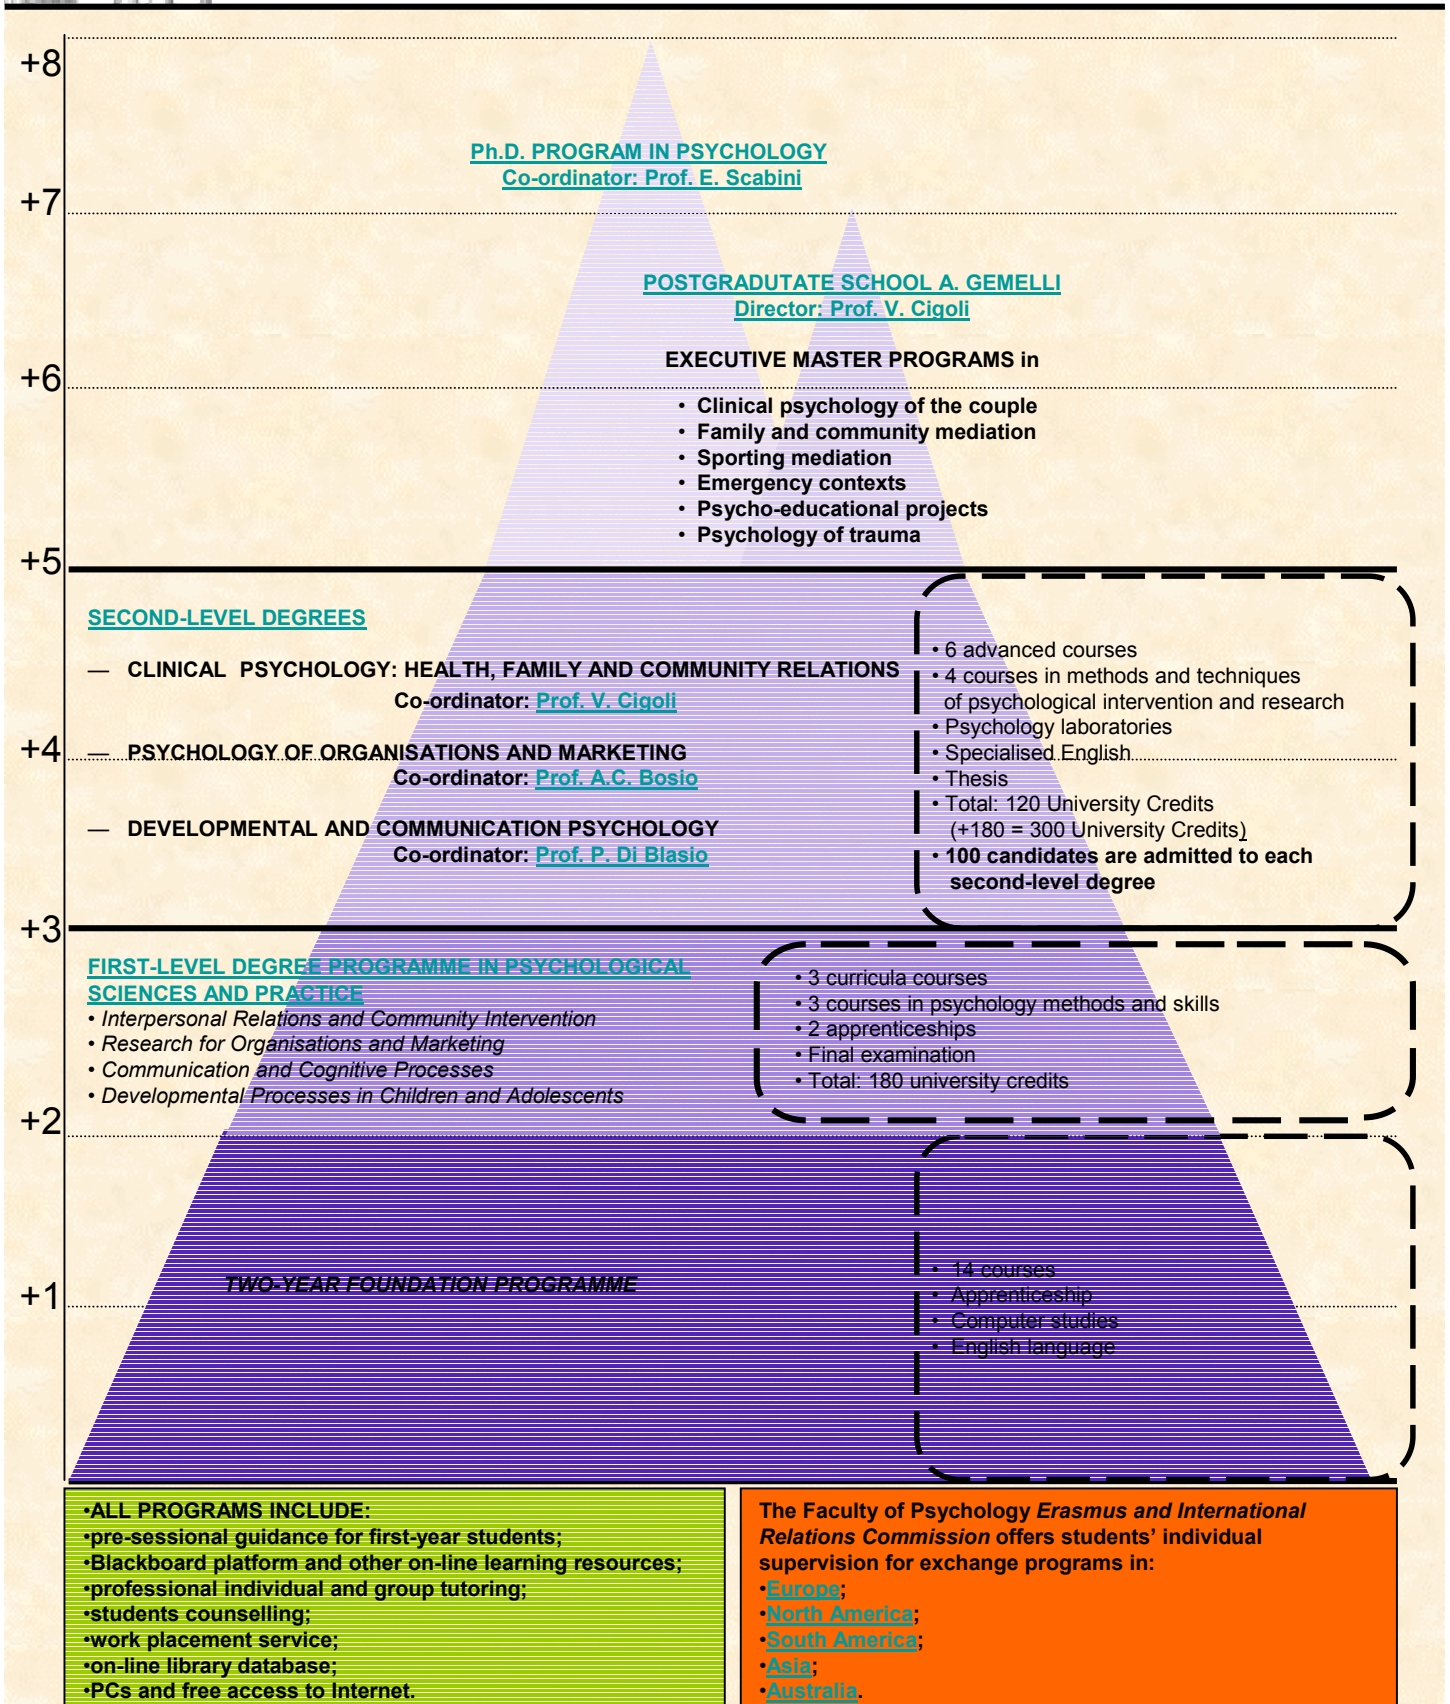

Present

The Faculty of Psychology offers:

- a first-level degree program in *Psychological Sciences and Practice*
- 3 second-level degree programs in:
 - > *Clinical Psychology: Health, Family and Community Relations*
 - > *Psychology of Organisations and Marketing*
 - > *Developmental and Communication Psychology*
- 6 *Masters* degree programs organised by the Post-graduate School of Psychology "Agostino Gemelli"
- a three-year Ph.D. program in Psychology

The Faculty of Psychology: study programmes
